

SAP LICENSE

QUICK ASSESSMENT

SAP License Management - Why?

- ✓ Re-classify your SAP users into the most cost-effective categories
- ✓ Based on an automatic, transactional analysis of SAP usage
- ✓ Identify alternative license matches (Worker, S/4HANA, ...)

Optimize User Cost

What is the License Quick Assessment?

The samQ Assessment builds a business case for license management and allows you to evaluate the samQ optimizer platform. It determines cost-optimization trends and compliance risks for your named-user population across all systems.

Approach: ninety-minute guided remote installation followed by three sixty-minute remote consulting sessions to configure the samQ platform based on your SAP contracts.

What's next? Full implement with measurement capabilities for Indirect Access and activation of samQ's licensing auto-pilot for named-users, Engines, SAP Audits and compliance management.
